People in the Inundated District at Greenville, Miss., Waiting For Rescue Boats.

THE CITY IS NEARLY SUBMERGED.

Thousands of Acres of Fine Delta Farms Are Covered With Water Causing Heavy Loss.

The Protection Levee in the Northern Part of Greenville Cut With a View of Relieving the Situation in the City.

Greenville, Miss., March 30.—The backwater from the LaGrange crevasse is slowly rising and nearly all of the city is submerged. Business is paralyzed and people are moving about the city in the southern section in skiffs. The sensational reports sent out from here that the city is in danger of destruction are highly exaggerated, and the facts do not warrant such statements. While rumors of great loss of life are absolutely without foundation so far as is known here. Relief parties with boats have been at work rescuing people in the path of the flood and the refugees are brought here.

The shut-down of the electric light plant is a serious inconvenience to the people and lanterns in skiffs may be seen throughout the town at night.

The flood situation outside of Greenville remains practically unchanged. The waters have covered thousands of acres of the fine delta farms and is sweeping south to Vicksburg. The loss will be heavy, but it is impossible to give anything like a correct estimate of the damage wrought by the flood.

It was said by some of the relief parties Sunday that since Friday many of the Negroes have been on the top of houses waiting for the boats to get out and during that time they have not had anything to eat. Arrangements have been made to rescue the cattle in the flooded district as they are suffering for want of food.

A singular phenomena at Leland, Ark., is puzzling every one. The news was brought to the city Sunday afternoon by Mr. Shields, an engineer on one of the government boats. He said that Saturday night the water against the levee and dyke in the pocket was a foot deep and Sunday morning he found the water off and stock on the ground, from which the water had receded. He further said the water was not turbulent at the end of the dyke, which but a day before was washing away most of the stone placed there to protect it. Further out in the stream the water was very rough and the current swift. The change of the current, it is thought, is due either to the break above it on this side or to the fact that the river there is making a new channel, and if the new channel is formed it will leave Greenville on a beautiful lake.

The protection levee in the northern part of the city was cut at midnight by order of the mayor. The crevasse was made with a view to relieving the situation within the confines of the town, the hope being that the cut thus made will let the water now standing in the city flow into the bayou.

SALOON SMASHERS.

Two Sisters With Pistols and Hatchets in Search of Their Brother.

Winfield, Kan., March 30.—Two daughters of John Osborne, armed with pistols and hatchets, while in search of their brother smashed down doors and destroyed other property at two saloons. They first visited Art Schmidt's saloon in North Main street, and, being refused admittance, battered down the front door. The bartender attempted to draw his revolver, but the sisters covered him with their pistols and he dropped down behind the counter. Before leaving the place they smashed a number of bottles and glasses. At Chad Thomas' saloon they smashed a large front window when refused admittance. They were not arrested.

Reciprocity Treaty Ratified.

Havana, March 30.—The treaty of reciprocity between Cuba and the United States, as amended by the senate of the United States, was approved at 8 o'clock Saturday night in the Cuban senate by a vote of 12 to 9. This approval is absolute and is not hampered by any conditions.

The Expelled Sisters.

St. Johns, N. B., March 30.—Twenty-one sisters of the Daughters of Jesus, expelled from France under the law of associations, were cared for Sunday by the Sisters of the Good Shepherd and the Sisters of Charity of this city.

THE MARKETS.

Review of Saturday's Trade in Live Stock. Grain, Provisions, &c., at Cincinnati.

Tobacco—The burley sales for the week closed with light offerings at all the warehouses, the total being 281 hhds., of which 243 hhds. were of the new crop tobaccos and thirty-eight of the old. In the new tobaccos the low grades and nondescript sorts formed the greater portion of the offerings, and, as the condition was poor and considerable of the packings in high case, the market was irregular, draggy and rather unsatisfactory to shippers. The old tobaccos were about equally divided between common trashes and lugs under 6½¢ and bright trashes and medium leaf ranging from 7 to 11¢.

The dull period of the year between winterized tobacco and summer order, or redried goods, is now fully on, causing a very irregular market the past week, a condition that will probably prevail to a certain extent for a month to come, at the end of which period the redried tobaccos will begin to make their appearance in the "breaks." Offerings and receipts of the new were greatly diminished, but this was naturally to be expected for the reasons above stated and also from the fact that the Continental and American Tobacco Companies are temporarily restricting their purchases until the congested condition of their warehouses is relieved. In the new crop the low grades under 6¢ formed the bulk of the offerings, and, while realizations were somewhat disappointing to shippers, sales were accepted in preference to rejecting and shipping back for redrying these types, and the largest percentage of rejections was therefore in the better grades. Bright medium leaf and good red plug fillers ranging from 7½¢ to 9¢ were in fairly good supply, and all packings in fair order brought acceptable figures. Colory trashes and lugs and short red fillers around 6½¢ were in good demand, all packings free of moisture being eagerly taken by the manufacturers.

FIRE IN MT. STERLING.

The Oldest Charter of a Masonic Lodge Was Destroyed.

Mt. Sterling, Ky., March 30.—Mt. Sterling had a \$50,000 fire Sunday, which originated in the rear of I. F. Tabb's grain and feed store. The Grand opera house was greatly damaged, and will have to be rebuilt. Tabb's loss on building and stock is estimated at \$30,000, with \$13,900 insurance. T. K. Barnes & Sons, wholesale grocers, under the opera house, loss \$8,000, with \$5,000 insurance. Blunt, Nunnally & Priest's loss is about \$2,000; insured. The origin of the fire is not known. The masonic lodge, the oldest in the state, lost about \$2,000. It occupied the third floor of the Tabb building. Its charter, which was issued in 1813, was burned, together with all its regalia.

FEUDISTS FOUGHT.

One Killed, Two Mortally and Two Badly Wounded.

Lee City, Ky., March 30.—A desperate battle between factions of the Howard-Manns feud, of Morgan county, took place here Sunday morning, as the result of which one man is dead, two mortally and two desperately wounded.

Nick Strickland was stabbed in the abdomen and expired an hour later. Charles McCormick was shot through the neck, fatally, and Clay Rose received a bullet in his right side and will die. The others wounded are "Billy" Manns and Bob Howard, the former shot through the right shoulder and the latter in the left groin.

THE WORLD'S FAIR.

The Program For the Three Days Dedictory Exercises Has Been Completed.

CEREMONIES BEGIN ON APRIL 30.

The Fire Works Set Off Each Day Will Be the Grandest Ever Produced.

President Roosevelt and Former President Cleveland Will Be Among the Speakers—Grand Military Parade By the Soldiers.

St. Louis, March 30.—The following program for the three days dedicatory exercises of the Louisiana Purchase exposition, which will open here in 1904, was finally adopted Sunday. The dedication of the buildings of the Louisiana Purchase exposition, under the direction of the national commission, will begin April 30, on the centennial anniversary of the cession of the Louisiana territory by France to the United States and continue through May 1 and 2. The fireworks to be set off each day will be the grandest ever produced. The principal ceremonies will be on April 30, when President Roosevelt and former President Cleveland will be among the speakers. At 10 o'clock on that date the freedom of the city will be tendered to the president of the United States by Mayor Wells. Then will follow the military parade, composed of United States troops and national guard from various states. These bodies will be assembled under the direction of Maj. Gen. Henry C. Corbin, and will move, preceded by the president of the United States and official guests, in carriages through Forest park to the exposition grounds, where the presidential salute will be fired. From a grand stand on the exposition grounds the parade will be reviewed by the president. Promptly at 2 o'clock the assembly in the Liberal Arts building will be called to order by President Francis.

The ceremonies will be as follows: Invocation by Cardinal Gibbons. Introduction of Hon. Thomas H. Carter, of the national commission, president of the day. Grand chorus, "The Heavens Proclaiming." Presentation of the buildings by President Francis. Dedication address by the president of the United States. Chorus, "Unfold, Ye Portals." Address by Hon. Grover Cleveland. "America," with full chorus and band accompaniment. Prayer by Bishop E. R. Hendrix. Benediction by Rt. Rev. Henry C. Potter. Centennial salute of 100 guns.

On the morning of the second day members of the diplomatic corps, the representatives of foreign governments to the exposition, and other official guests will be escorted to the Liberal Arts building, where Corwin H. Spencer, chairman of the committee on ceremonies, will call the meeting to order. Hon. John M. Thurston, of the national commission, will be president of the day.

President Francis, of the exposition, will extend a greeting to the representatives of the foreign governments and there will be addresses by the French ambassador and Spanish minister.

The civic parade will be held on the third day and will be reviewed by the governors of the states. In the afternoon William H. Thompson, chairman of the committee on grounds and buildings, will call the meeting to order and William Lindsey, of the national commission, will act as president of the day. Gov. A. M. Dockery, of Missouri, will deliver an address of welcome, which will be responded to by Gov. Odell, of New York. Immediately after the close of the ceremonies the governors will proceed to the building sites selected for their respective states, where corner stones will be laid and state colors will be raised with appropriate ceremonies.

The Roosevelt Family's Cruise. Washington, March 30.—Mrs. Roosevelt and her children will take the projected cruise on the president's yacht, the Mayflower, during the coming week. They bade good-bye Sunday to the president, who leaves on his western trip Wednesday morning.

Pennell's Insurance. Buffalo, N. Y., March 30.—Arthur Pennell carried \$35,000 in accident insurance, none of which has been paid. Besides that his life was insured for \$215,000. The policies with one exception were taken out four or five years ago.

Suicided By Shooting. Fulton, Ky., March 30.—Victor Amberg, aged 21, of Hickman, committed suicide by shooting. No cause is known. Two brothers have previously taken their lives.

Bishop Maes has transferred Rev. John Cavanaugh from Verona, Ky., to the Flemingsburg Catholic Church, and Rev. Joseph Flynn, of Flemingsburg, goes to Verona.

J. Carroll Hamilton and Miss Mary Woodford, society leaders of Mt. Sterling, eloped to Paris Friday night and were married. The groom is one of the wealthiest men in the State.

Harry Childs, a young man living in the Sixth ward, boarded a C. and O. westbound freight train about 8 o'clock Saturday evening. He intended jumping off at the foot of Market street, but either missed his calculations and jumped too soon, or was struck by the iron girder just east of Market, and fell to the ground. Fortunately no bones were broken, and he escaped with some painful bruises.

Seven suits were filed at Lexington against the Sun Life Insurance Company by policy holders asking that its contract with the Metropolitan Insurance Company be rescinded, and that all parties be put *statu quo*. Some time ago the Metropolitan absorbed the Sun Life, took charge of its assets and assumed liabilities on policies. The policy holders in the Sun Life are dissatisfied with the present arrangement, and are asking for a return of all premiums paid.

Chief of Police Rye, of Ashland, got a tip a few days ago that Wiley Fitch, living near Aberdeen, was the Wiley Fitch who is wanted in the West Virginia coal regions on a charge of shooting and killing John Muters in 1901. Rye came down and induced Fitch to come to Maysville. He demonstrated conclusively that he was not the Fitch wanted, although there was said to be a striking resemblance. This was explained, says the Ashland News, by the discovery of the fact that the two Wiley Fitches are cousins.

Former Lieutenant Governor James W. Bryan, whose illness was mentioned some days ago, remains in a serious condition, at his home in Covington. Unless there is a change for the better soon his physicians do not believe he can recover. Mr. Bryan has been suffering from typhoid pneumonia. The pneumonia has about disappeared, but the typhoid symptoms have grown more pronounced. He has been delirious for days and talks incessantly and is unable to sleep at all. The physicians are unable to induce him to take any nourishment. Mr. Bryan has quite a number of relatives in this city and county.

The committee to arrange for the entertainment of the Great Council of Kentucky Red Men, which meets here May 12th, has planned to exemplify the work of the order at Washington Opera House Tuesday evening, the 12th, and Wednesday afternoon, May 13th, there will be a river excursion, with music and luncheon, for which the mammoth steamer Island Queen has been engaged. It is the desire of the committee to have the members of every neighboring tribe, both in Ohio and Kentucky, share with the Maysville Red Men in these pleasures. There'll be a welcome for all and plenty for everybody.

Hon. C. H. Collins, of Hillsboro, O., says in one of his admirable letters from the South that in Montgomery, the old Southern Capital, nothing impresses the traveler more favorably than the well paved streets, resting upon a system of underground sewers that make it one of the best drained of modern cities. The topography presents natural facilities for sewerage and the enterprising citizens have spared no expense to make Montgomery one of the healthiest cities of the South, as it is one of the most attractive in every respect. It was a country village before the war in comparison with its present metropolitan status.

WEE WAIF FOUND.

It Was Lying in a Bed of Cotton in a Telescope Valise.

Henderson, Ky., March 30.—Engineer George Sieber went out on the front veranda of his home and was mystified at hearing the wall of an infant. He found a small telescope valise that contained a baby. He carried it into the house, opened it and snugly packed in a downy bed of cotton, neatly and comfortably dressed, was a boy only a few hours old. The castaway was given to the police, who placed it in the city sanitarium.

The child had evidently been cared for at birth by a physician or a skilled midwife. The telescope in which the child was found had been perforated sufficiently to give its little occupant plenty of fresh air and the strange bed was made as comfortable as possible.

GUSTAVUS SWIFT.

The President of the Swift Packing Co., Chicago, Dead of Internal Hemorrhage.

RESULT OF A SURGICAL OPERATION

His Death Was Entirely Unexpected Both by His Family and the Physicians in Attendance.

The Deceased Began His Business Career as a Butcher and Died Leaving a Fortune Estimated at About \$10,000,000.

Chicago, March 30.—Gustavus Franklin Swift, president of the Swift Packing Co., died at his home, 4848 Ellis avenue, early Sunday of internal hemorrhage resulting from a surgical operation performed several days ago. Mr. Swift was 63 years old.

The hemorrhage which caused Mr. Swift's death resulted from an operation for an infection of the gall bladder, performed March 22. His death was entirely unexpected both by Mr. Swift's family and his physicians. He had given every indication of recovery and all danger was considered passed. In fact, so hopeful was every one, including himself, for his speedy recovery, that his son, Herbert L. Swift, who had been summoned from Boston, left Saturday night to return to the east. This son was intercepted at Harrisburg, Pa., Sunday with a telegram announcing the death of his father.

Gustavus Franklin Swift began his business career as a butcher and died leaving a fortune estimated at from \$7,000,000 to \$10,000,000. This fortune was made in the course of 45 years. He was born at Sandwich, Mass., in June, 1839. He opened a small butcher shop in his native town. He removed to Boston when he was less than 30 years old. He remained in Boston until 1875, when he came to Chicago. In this city he engaged in the same business which he had left in Massachusetts, and developed the department of shipping live cattle to eastern markets. In 1877 he evolved plans for the first refrigerating car, and dressed meats, instead of live animals, were shipped to eastern cities. He was the pioneer in this kind of business and it was not long before others saw the advantages of his method and they imitated him.

Mr. Swift not only was the oldest "packer" at the time of his death, but he was the originator of the method that has made many large fortunes. From the small plant started in 1877 has developed a great corporation with branches in St. Louis, Kansas City, St. Joseph, Omaha, St. Paul, and Fort Worth, Tex., and with distributing offices in every important city and town in the United States, and with representatives in the leading cities of Europe, Asia and Africa. Its employees number 22,607. Upon its capital stock of \$25,000,000 the sales of 1902 exceeded \$200,000,000.

ALLEGED COUNTERFEITERS.

Gid Ashe and Robert Schwab Arrested at Ashland City, Tenn.

Nashville, Tenn., March 30.—Gid Ashe and Robert Schwab, charged with counterfeiting, were brought here from Ashland City, Tenn., Sunday night and lodged in jail. A search of Ashe's home developed six bogus \$10 gold pieces, moulds for coining five-cent pieces of 1898, a stamp for raising dollar bills, a mould for coining \$5 gold pieces and a lot of correspondence between Ashe and parties in Cincinnati and Chicago. Moulds and material were found at Schwab's home, together with several bogus gold coins.

TRANS-CONTINENTAL LINE.

Another Long Railway Will Be Built in Canada.

Toronto, March 30.—Canada is to have another trans-continental railway. Its terminal will be at Quebec in the east and Port Simpson, B. C., in the west. The road will be run parallel with the Canadian Pacific, but will be from 200 to 400 miles farther north, traversing the very heart of Canada through the wheat and pulp wood belt. The road will be called the Trans-Canada railway.

Imp. Layia Dead.

Louisville, Ky., March 30.—Imp. Layia, one of the fastest sprinters in the west, died Sunday of catarrhal fever at Churchill Downs. Her loss is a severe blow to Ed Corrigan, as he depended on her to represent his stable in the short distance events this year. The mare was 5 years old, by Friar's Balsam, out of Lady Paramount.

The Mt. Sterling Sentinel Democrat came out Saturday with a column editorial in which it demands Gov. Beckham's withdrawal from the gubernatorial contest on the ground that his staying in the race is disrupting the party, and will cause the party to lose out by his being declared ineligible after the election. The BULLETIN made a suggestion Thursday to the same effect. We believe the Governor should not remain in the race. The future of the party demands that he should gracefully retire and let some one be nominated who has not been mixed up in the present factional troubles.

The suggestion made by the BULLETIN Friday that the city erect an eruptive hospital on the high point on Hord's Hill brings to light the fact that the law requires a building to be used for pest house purposes to be located at least a mile from the city limits. The BULLETIN has since learned that negotiations are in progress between the authorities of Maysville and Mason County looking to the city's acquiring an interest in the county infirmary farm, the erection of a handsome new infirmary by the county on the south end of the farm near the pike and the conversion of the present infirmary buildings into a hospital for the care of smallpox patients, the city and county to use the new infirmary and hospital jointly. This would be a solution of the differences almost continually arising between city and county, and give both what has long been needed. The suggestion is made, however, that a much better location should be secured, that the present farm should be sold and a better tract obtained so that the farm would make the institution practically self supporting. In the negotiations this matter should be considered.

PERSONAL.

—Rev. Father DeBrune, of Mayslick, left Sunday evening for Cincinnati.
 —Mr. J. I. Salisbury arrived home Sunday after spending the winter in Florida.
 —Mr. Jacob Wormald, who is now located in Covington, spent Sunday here with his family.
 —Mr. Will Cook, of Cincinnati, left for his home Sunday afternoon after a short visit to relatives here.
 —Miss Florence Dodson is down from Lexington visiting her parents, Mr. and Mrs. Joseph H. Dodson.
 —Mrs. H. C. Levi and Mrs. O. E. Keith, of Cincinnati, are visiting their mother, Mrs. William Austin, of the Sixth ward.
 —Mr. John Daly, of London, O., is spending a few weeks here with his brothers and sisters on West Second street.
 —Mrs. Dr. Pangburn, of Ripley, has been visiting friends in this city the last few days. She will leave in May to spend a couple of months with her son, Dr. Harry Pangburn, at Dawson, New Mexico, where he has a nice position.

JUDGE FOR YOURSELF.

Which is Better, Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proven to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now suppose you had a bad back; A lame, weak or aching one, Would you experiment on it? You will read of many so-called cures, Endorsed by strangers from far away places. It's different when the endorsement comes from home. Easy to prove ideal testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills. Read this case:
 Mr. Fred W. Bauer, job printer of 4 East Second street, says: "For a year or more I had considerable pain in my back. The secretions from the kidneys were dark and there was some inflammation of the bladder, evidenced by a sensation of scalding. Doan's Kidney Pills came to my knowledge and I procured them at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. The treatment soon restored the kidney secretions to a natural color, ended the inflammation and banished the pain from my back. If a cold or any other cause should bring on a recurrence I now know what to use." Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

SMALLPOX!

Whereas, Smallpox has existed in Mason County at short intervals for the past four years, and, although repeatedly stamped out by the co-operation of the health and fiscal officials, has been re-imported from other States and sections and gained new footholds because so large a percent. of our people have failed to comply with the law requiring everybody to be vaccinated, and,

Whereas, Smallpox now exists and is becoming epidemic in Maysville and other sections of the county, and every unvaccinated person is a menace to the health, lives and business interests of the entire county,

Now, Therefore, be it known, That the Mason County Board of Health, in the exercise of authority vested in it by law, hereby requests and directs every unvaccinated person in this county to have himself or herself, and all children, wards or other persons dependent upon them, to be vaccinated at once, and requests and directs that every person whose mark is over five years old, to be re-vaccinated at once, and on and after April 8, 1903, it hereby places every house in Mason County which contains any person or persons, who have not been successfully vaccinated within five years, last past, in close quarantine; and it forbids any person to attend any school in this county, as teacher or pupil, or to go to any church or other public assembly, or to go upon any street, highway or road, who has not been successfully vaccinated within five years, and it forbids any person or corporation to employ or to permit on his premises, in this county, as tenant or employee, any person who has not been successfully vaccinated within five years. The county will provide the virus and will pay for the vaccination of all persons who are unable to pay for the same, if they will apply in person to the physician in their precinct, or to the Health Officer.

SECTIONS OF THE GENERAL STATUTES OF KENTUCKY.

Sec. 4618. Penalty for Persons Having Smallpox Going in Public Places—Any person who, having reason at the time to believe himself afflicted with the disease of smallpox, shall voluntarily go upon any public highway or street, or to any place at which people are accustomed to collect or assemble, or who shall enter or go on board any steamboat, railroad car or public conveyance, and all persons who shall knowingly aid or assist any one thus to offend, shall be guilty of a misdemeanor, and, upon conviction, shall be fined not less than one hundred nor more than one thousand dollars.

Sec. 2060. Any physician or head of a family who shall fail or refuse to report to the local Board of Health cases of cholera, smallpox, yellow fever, diphtheria and other epidemic diseases, as provided for in section two thousand and fifty-five of the act mentioned in the title of this act, shall be fined not less than five dollars for each day he neglects or refuses to report.

THE FLEMING QUARANTINE.

Secretary of State Board of Health Orders it Raised Next Wednesday—The Smallpox Situation.

Fleming County's quarantine against Maysville on account of the smallpox scare has been ordered raised next Wednesday, as may be seen from the telegram given below. The M. C. Russell Co. wired the Secretary of the State Board of Health Saturday at 3:25 p. m. as follows:

MAYSVILLE, KY., March 28, 1903.—Dr. McCarmack, Bowling Green, Ky.: Do you intend to raise Fleming County quarantine by Wednesday? Answer, our expense. M. C. RUSSELL & Co.

To this the following answer was received:
 BOWLING GREEN, KY., March 28, 1903, 7:35 p. m.—M. C. Russell Co., Maysville, Ky.: Have already notified Fleming authorities to that effect. J. N. MCCORMACK, Secretary.

Only one new case has been reported since Saturday. A little daughter of Mr. and Mrs. Joseph Soward, living on north side of East Fourth, was found with a mild case of the disease. She had been ill over a week, the case having being concealed by her relatives. So far as could be learned the other cases are all getting along very well. Probably the worst one is that of Mrs. Carter, reported Saturday, and her serious condition is due largely to other troubles, as mentioned.

Mr. W. L. Sullivan, a former Dover boy, has sold his interest in the wholesale grocery house of Sullivan & Long at Holdenville, Ind. Ter., and has returned to his former home in Paul's Valley, that territory.

G. W. Rogers & Co.'s, 127 Market St., Maysville, Ky., is "the best place on earth" to purchase the purest and best Bourbon and rye whisky, brandies, gins, California wines, etc. We guarantee all of our goods to be strictly pure and unadulterated.

Sallie McFadden, who was at one time a notorious character in this city, is one of the subjects of the present election contest in Columbus, O. The Republican candidate for Police Judge is charged with attempting to hold up Sallie while he was police prosecutor.

Ohio has 65,232 Knights of Pythias, a net gain during the year of 2,882. The total membership is more than 20,000 greater than that of any other State in the union. During the year the order spent \$111,599 87 for sick benefits and \$60,031.74 for education of orphans. The assets of the 649 lodges is \$1,499,887.17.

Flower thieves have begun their annual depredations. Friday night some miscreant tore up and carried off some fine roses from a yard in the West End. This is "nipping things in the bud," as it were, and calls for retaliatory tactics, if there's to be any "flowers that bloom in the spring" in that neighborhood. Let these meanest of all thieves be hunted down; make no distinction on account of sex and give 'em the limit of the law. That's the most effective way of putting a stop to this business.

Defense Against Germs

All infectious diseases are germ diseases. The germs thrive wherever there is dampness and decay. The best defense against them is to make the home so sanitary that germs cannot get a foothold. Sinks, drains, cellars, closets and other danger spots must be kept thoroughly disinfected.

We have all the reliable fumigators and disinfectants. Each has its appropriate use. The quality of everything we supply is the highest and the price is right. Can give you any special information you need.

"IT IS A WONDERFUL ARRAY OF

Spring Garments!

WE PLACE BEFORE YOU THIS SEASON."

Most of them the production of Rochester's best manufacturers. Every line of them confined to us. The quantities we yearly handle of these goods enable us to buy them at prices that affords us to sell them at perhaps a shade cheaper than you have to pay for clothing that does not compare with ours. You owe it to yourself to look at our Clothing before you buy your Spring Outfit.

Our Shirt stock will be found a revelation. Look in our West Window. Said a gentleman a day or two since who bought them with the privilege of returning them if they do not fit, "Mr. Hechinger, I usually have my Shirts made to order, but never was as well fitted as in these." We have such confidence in our Shirts that we sell them on approval. If fit unsatisfactory return them and get your money back. You will soon discard your winter Shoes. Try a pair of our New Douglas or Hanan Shoes. Our stock is now at its best in both lines. You know we guarantee every pair. Have you seen Stetson's newest designs in Spring Hats? If you have not come in and let us show them to you. They range from \$3 to \$5. Let us show you the very newest fads in fancy Vests. They are going to be very popular. Your wardrobe is not complete without one.

ECONOMY Is What the Times Demand!

Money saved is the easiest money made. You may wear cheap clothing and be respectable, but you can't eat impure and unwholesome food and be healthy for any length of time. So when it comes to buying supplies for your table it is economy to buy the best. My annual CUT PRICE sale for CASH is now on, and when I say cash price that is what it is.

Another big shipment of that Extra Fancy New Crop Molasses, being the fifth big lot for the season. Ask for special cash prices by the gallon, keg or barrel. PERFECTION FLOUR is one of the indispensable articles I handle, because it has no superior and always gives satisfaction.

A big supply of ONION SEEDS. Prices very low. I continue to handle D. M. Ferry's Seeds because they are the best and always reliable. When the season opens I shall have a big supply of both Irish and Sweet Potatoes for seed.

I am now rounding up my twenty-third year in Maysville. During that entire time I have worked hard and incessantly to build a trade for first-class goods and to establish and hold a reputation for honorable and fair dealing. My success in business has proved to me that I have not worked in vain. My business has steadily increased from the beginning. I intend to continue in the same old way. For your very liberal support you have my most sincere thanks, and I most respectfully ask for a continuance of same. I want country people when in our city to visit my store and make it their headquarters. You are always welcome.

Remember, I run two delivery wagons, and it is always a pleasure to deliver goods.

We're Still Harping on the
Goodness of Our
Line.

We've told of it before, but good things can't be told too often, and if there ever was a line of Wall Paper worth talking about, it's this one.

Perhaps all our talk has not convinced you of this fact. If so, we'd like the opportunity of proving it by showing you the goods.

There'll be no obligation on your part to buy. Just look them over, size them up, and after you've seen them, if you feel we haven't the goods you want, it's our fault, not yours. Our salesmen will take all the chances.

Interesting Law Point Raised.

In the trial of the McCabe case against the C. and O. at Newport, Attorney L. J. Crawford moved for peremptory instruction to dismiss the action on the ground that McCabe was a trespasser on the company's property. Judge Wright, for McCabe, introduced evidence to show that the C. and O. was itself a trespasser on the tracks of the Maysville and Big Sandy railroad, because of the fact that the Legislature had not granted the C. and O. the right to use another company's tracks. Judge Hodge took the question under advisement.
